Product Documentation (30.11.2016)

System requirements: pCon.planner 7

Suggested requirements

Processor:	Quad Core – processor (class 3 GHz)
System memory:	8 GB
Operating system:	Windows 10 (64-bit)
Available disc space:	1 GB
Graphics board:	Ati/AMD, nVidia, 1 GB, Hardware OpenGL 3.0
Screen resolution:	1920 x 1080 pixels
Microsoft Internet Explorer 11	
Mouse with scroll wheel	

Minimum requirements (32-bit Editions)*

Processor:	Dual Core – processor (class 2 GHz)
System memory:	2 GB
Operating system:	Windows Vista SP2**
Available disc space:	300 MB
Graphics board:	Ati/AMD, nVidia, 128 MB, Hardware OpenGL 1.5, Shader Model 2.0
Screen resolution:	1280 x 1024 pixels
Microsoft Internet Explorer 9	
Mouse with scroll wheel	

*With the upcoming release of pCon.planner 7.5 (planned for March 2017), support for 32-bit operating systems will end.
**Please note that Microsoft support for Windows Vista will end on April 11, 2017. You can find more information at https://support.microsoft.com/en-us/help/13853/windows-lifecycle-fact-sheet

Minimum requirements (64-bit Editions)

Processor:	Dual Core – processor (class 2 GHz)
System memory:	4 GB
Operating system:	Windows 7 SP1 (64-bit)
Available disc space:	300 MB
Graphics board:	Ati/AMD, nVidia, 512 MB, Hardware OpenGL 1.5, Shader Model 2.0
Screen resolution:	1280 x 1024 pixels
Microsoft Internet Explorer 9	
Mouse with scroll wheel	

Supported Operating Systems
MS Windows 10 (32/64 bit)
MS Windows 8.1 (32/64 bit)
MS Windows 7 (32/64 bit)
MS Windows Vista SP1 (32/64 bit)**

Notes

The pCon.planner 7 requires an up-to-date graphic card, not older than three years. Because of better driver support a product of the two major manufacturers, NVIDIA and ATI / AMD is recommended. Furthermore, please make sure to use the latest graphic card drivers.

The use of integrated on-board or on-die (GPU) graphics solutions is not recommended. The pCon.planner offers since version 6.4 a compatibility mode (*Start Menu → pCon Tools → Setup pCon.planner*) to support such hardware systems to a minimum.

Due to less capability of these solutions a loss of performance should be expected also in the compatibility mode. Please note that the following features are not available in compatibility mode: display modes ***Concept*** and ***Realistic,*** real-time antialiasing, virtual sky in the work area and the collage export format (EPX).

With the upcoming release of pCon.planner 7.5 (planned for March 2017), we will no longer support Windows Vista. Support for 32-bit operating systems will also end with pCon.planner 7.5.

*With the upcoming release of pCon.planner 7.5 (planned for March 2017), support for 32-bit operating systems will end.
