

Product Documentation (2022-03-09)

System requirements: pCon.planner 8.7

Suggested requirements

Processor:	Intel/AMD x64 Processor ¹ , >= 4 Cores, > 3 GHz
System memory:	16 GB
Operating system:	Windows 10/11 (64-bit)
Available disc space:	5 GB
Graphics board:	Current model from NVIDIA or AMD 4 GB RAM (8 GB and more for very large/detailed drawings) OpenGL 4.5 support Special CAD cards usually do not offer any advantages.
Screen resolution:	Full HD (1920 x 1080) or more
Mouse with scroll wheel	

Minimum requirements

Processor:	Intel/AMD x64 Processor ¹ , >= 2 Cores, > 2 GHz
System memory:	4 GB
Operating system:	Windows 8.1 (64-bit)
Available disc space:	1 GB
Graphics board:	Model from NVIDIA or AMD (< 4 years old) 1 GB RAM OpenGL 3.3 support
Screen resolution:	1280 x 1024 pixels
Mouse with scroll wheel	

¹ No support for devices with ARM processor architecture (e.g., Microsoft Surface, Surface Pro X)

Supported Operating Systems

MS Windows 11/10/8.1 (64 bit)

Required Runtimes²

Microsoft Visual C++ Redistributable for Visual Studio 2019

Microsoft Edge WebView2 Runtime

Notes

The pCon.planner requires an up-to-date graphics card, not older than four years. Due to better driver support, products from the two major manufacturers NVIDIA and AMD are recommended. Furthermore, please make sure to use the latest graphics card drivers.

The use of integrated graphics solutions is not recommended. The pCon.planner offers a compatibility mode (*Windows Start Menu* → *pCon Tools* → *Setup pCon.planner*) to support such hardware systems to a minimum. Due to less capability of this solution a loss of performance and functionality happens in the compatibility mode. Please note that the following features are not available in compatibility mode: display modes *Concept* and *Realistic*, real-time antialiasing, skybox, material live preview and some more.

Attention: This compatibility mode will be removed in the near future!

² Will be provided by our installer.
